Profile

Leanie is a highly experienced Rehabilitation Case Manager with over 15 years' clinical experience in case management and occupational therapy, across NHS, social care and private case management services.

She is adept at conducting holistic assessments of assessing and coordinating rehabilitation for individuals following personal injury, complex orthopaedic and musculoskeletal trauma, chronic pain conditions, traumatic brain injury, psychological trauma and neurological injury, as well as individuals living with long-term conditions, with extensive skills in holistic functional assessment, care needs evaluation, rehabilitation planning and detailed report writing.

Leanie is experienced in working within the Rehabilitation Code and liaising with solicitors, insurers and multidisciplinary clinical teams, with a reputation for adopting a goal-driven, solution-focused and creative approach to rehabilitation, enabling clients to overcome barriers, maximise independence and achieve meaningful functional outcomes.

Leanie has developed strong analytical skills and the ability to synthesise complex clinical information into clear, evidence-based recommendations regarding rehabilitation, care requirements and functional outcomes.

Current Role

Jul 2026 onward **Associate Case Manager, A Chance for Life Ltd**

Providing case management for adults with complex rehabilitation and care needs.

- Carrying out Immediate Needs Assessments and preparing reports and costs
- Sourcing therapists and coordinating multi-disciplinary therapy and support teams and rehabilitation programmes.
- Working alongside litigation solicitors and financial deputies within the medico-legal field, supporting clients who are both pre- and post- litigation.
- Working collaboratively with clients and their families to tailor support and rehabilitation programmes to meet individual complex needs and goals
- Working with clients and others to create client-centred goal plans and risk assessments

Professional Experience

2018 – Jun 2026 **Rehabilitation Lead / Senior Rehabilitation Case Manager – Proclaim Care Ltd**

Promoted to Senior Rehabilitation Case Manager in 2023 and Rehabilitation Lead in August 2025

- Undertaking Immediate Needs Assessments under the Rehabilitation Code (2015)
- Assessing rehabilitation, care, psychological and vocational needs following injury
- Developing and coordinating goal-focused rehabilitation programmes
- Producing detailed reports outlining functional, cognitive, psychological and vocational impact of injury
- Liaising with solicitors, insurers, consultants and multidisciplinary teams
- Managing and supervising a team of rehabilitation case managers
- Delivering induction, training and probation supervision for new rehabilitation managers
- Conducting clinical audits, report reviews and case reviews
- Oversight of clinical governance including safeguarding and risk management

2013 - 2017 **Reablement Occupational Therapist – Glasgow Health and Social Care Partnership**

- Comprehensive functional assessments for individuals with complex health and social care needs
- Assessing and commissioning homecare services
- Working alongside social workers to support Self-Directed Support (SDS) applications
- Preparing detailed functional and care needs assessment reports
- Developing complex care and support plans
- Assessment for equipment, adaptations and assistive technology
- Involvement in Adult Support and Protection processes

2011 – 2013 **Occupational Therapist – NHS Lanarkshire Community Health & Social Care Team**

- Community rehabilitation for individuals following stroke and neurological conditions
- Functional, cognitive and environmental assessments
- Hospital discharge planning and admission avoidance
- Multidisciplinary community rehabilitation

2010 – 2013 **Occupational Therapist – NHS Lanarkshire Hairmyres Hospital**

- Orthopaedic trauma and elective surgery rehabilitation
- Functional assessment and discharge planning
- Equipment provision and environmental assessments
- Multidisciplinary rehabilitation planning
